# Queries for March

## Witnessing in the World: Ministry of Outreach

- How does our meeting communicate Friends' presence and principles to the wider community?
- How does our meeting join with other faith communities in worship, in spiritual dialogue and in social action?
- What are we doing to invite persons to attend our meetings for worship, to welcome them when they come, to listen sensitively to their needs and hesitations and to encourage their continued attendance?
  - *How do I share my spiritual life and experience with others?*
  - *Does my life as a Friend attract others to our religious society?*
  - *What opportunities have I taken to worship with people from other religious and cultural backgrounds and work with them on common concerns?*

## News from the Meeting

### Good Friday Activities

- 5:00 pm Peace Vigil at the wall
- 5:45 pm light shared meal and fellowship
- 6:45 pm Reading of the Gospel of Mark

Good Friday – a day of discernment and decision. What is God's will and how do we live it? This was the question before Jesus and his disciples on that Friday years ago. It is the same question before us today. There will be several opportunities to participate in this discernment this year here at Plymouth.

**Prayer Vigil for Peace:** Those who can gather at the wall in front of the Meeting House there will be a prayer vigil for peace at **5pm**. We pray for peace in our families, our workplaces, our neighborhoods, our nation, and our world. We grieve for the violence that occurs in the name of religion and are mindful of the historic use of Good Friday as a day of violence against Jews. Current violence this year spreads across the world involving all faiths (Christian, Jewish, Muslim, Buddhist, ..... ) and also nonreligious, political and apolitical peoples. Jesus of Nazareth taught reconciliation, redemption, forgiveness. As we pray for guidance as to how to apply his teachings to the violence in our world we consider these questions:

- ❖ What does the continued development of ever more lethal weapons, say about our society?
- ❖ What does an ever-growing military budget and a diminishing one for diplomatic and services to the poor say about our values?
- ❖ Does threatening violence to others as the cornerstone of our national deterrent policy, contribute to peace?

We pray for guidance as to how to work for a day when the vast wealth of our nation will be used, not for weapons and war, but to enhance life on earth.

**Light shared meal and fellowship:** We will gather (**~5:45pm**) in the Annie H Wilson room and share a light meal, perhaps of Mediterranean foods. A time of being together and enjoying the shared love and friendship that we have.

**Shared reading of the Gospel of Mark:** (~6:45) As has been our custom, we share around the circle the reading of the Gospel of John. This becomes a time of letting go of dogma. The short life of Jesus is recorded in this short Gospel. What does it have to say about how the reader is to respond to God's

call? Each year it is heard differently. Each year there are new hard parts to hear and new insights that open one's heart to possibilities. We have found that this opportunity is a very different experience from reading a few lines of scripture. It takes time (~1.5 hrs). The reading has been found to be useful in illumination God's guidance for how we are to be ***"patterns, be examples in all countries, places, islands, nations wherever you come; that your carriage and life may preach among all sorts of people, and to them; then you will come to walk cheerfully over the world, answering that of God in everyone; whereby in them you may be a blessing, and make the witness of God in them to bless you."***

## PMM Indigenous working group

After a year of study and discussion within our group and also with indigenous peoples here in the Delaware Valley and beyond, our group would like to begin to share some of what we have learned with our Meeting and wider community. We will strive to post an article in the newsletter each month. Also, as a resource, our Meeting website indigenous page will continue to be added to and kept up to date on news and issues of our indigenous neighbors.

This month we would like you to think of how differently indigenous peoples of Turtle Island (North America) divide periods of history from how those of us with European lineage divide it. Below are some examples from the web page: History Through a Native Lens

<https://nativephilanthropy.candid.org/timeline/era/tribal-independence-era/>

Go to the link for a very informative and detailed history of each of these eras from 1500 to present times. The table below is only a snapshot.

## Wonderland Circus

Every year since 2003, PMFS’s Fourth Grade class, under the direction of Fourth Grade Teacher Will Starr, have practiced, written and performed their own unique circus. Will is quoted in the *Norristown Times Herald* as saying: “This class is amazingly, incredibly theatrical. ... the kids’ ability to tell the story is really special. The PMFS circus is more than what meets the eye, “... the kind of learning that, frankly, kids need. These are different skills. This is memorizing. Like math, but it’s not math, right? This is reading. This is practicing and practicing and practicing. And it’s such a rich experience. It takes time.”

We hope you can attend either March 15<sup>th</sup> or 16<sup>th</sup> at 7:00 pm in the Steinbright Auditorium for *Wonderland*, their adaptation of Alice in Wonderland. We strongly encourage everyone to get tickets at [pmfs1780.org](http://pmfs1780.org) website ahead of time as the show will very likely sell out in advance.

**Some of the students quote in the article say:**

Initially, Talley Hansen-Landis found circus “really daunting.”

“But it comes together, and it’s magical.”

Kimberly Gasga says,

“This circus has taught me to never give up.”

I taped that quote onto my unicycle”.

## **Friends General Conference 2024 Gathering** **Save the Date: June 30<sup>th</sup> – July 6<sup>th</sup>** **at Haverford College**

**The Gathering is a week of Quaker worship, workshops, and community for all ages.** Friends come together from across the US and Canada (and sometimes further) to deepen our connection to one another and the Spirit. The Gathering is typically held on a college campus in late June/early July, and location changes from year to year. In 2020, FGC began offering virtual Gathering programs as a result of the COVID-19 pandemic. Beginning in 2024, in-person Gatherings will alternate years with online Gatherings and in-person Young Adult & Youth (YAY) gatherings.

Gathering attendees range from newborns to elders in their 90s, and include both long-time Friends (mostly from the unprogrammed, liberal tradition), and those newer to Quakerism. In structure, it's part conference and part family camp. In content, it provides an abundance of opportunities to learn about Quakerism and to foster your spiritual life – and to have fun together.
